

Nestled amongst the 7.5 acres of birch trees and large red pines, on the shores of Little St. Germain Lake, the Estrold Resort offers plenty of recreation for everyone on and around the grounds. The Estrold Resort's Northwoods style lodging is known for cleanliness, comfort, and cozy warmth. There are 13 vacation cottages to choose from, depending upon the size of your group.

On the grounds, the resort features a number of recreational facilities and activities for family members of all ages, and... nearby are many area activities and other recreational opportunities!

On the shores of Little St. Germain Lake, water sports activities are plentiful! Little St. Germain Lake has 956 acres of good fishing waters with 32 miles of shoreline. There's panfish, walleye, bass, pike, and musky to fish for, and to top off your catch, we have a screened-in newly remodeled fish cleaning house with lights and running water. Rental motors and gas are available for your 14 ft. fishing boat, equipped with oars and 2 anchors.

Little St. Germain Lake has 3 main bays and numerous coves for great boating and water skiing. Our sandy beach with a gradual slope is safe for children. There is a 50 ft. sunning pier and the water at the end is only about 3 ft. deep. Great for swimming! There is also a swim raft anchored further out for the better swimmers.
